2UPC-R204

Roll printing pack for UP-CR20L and UP-DR200 printers.

High quality borderless colour pictures.

Colour print roll media for UP-DR200 and UP-CR20L printers.

Achieve high quality 10 x 15 cm (4 x 6 inch) prints by using 2UPC-R204 self laminating dye sublimation media.

The "SuperCoat 2" lamination protects the images for a very long time (same or even better than traditional photo paper). Not only does this media give you high quality colour reproduction but also allows you to apply different finishes to your prints without having to change the media.
